

FISCAL NOTE

HB 2546 - SB 2655

January 18, 2008

SUMMARY OF BILL: Increases from one to five the number of modular buildings that LEA vocational-technical students may construct and sell per school year without being licensed in accordance with the *Tennessee Modular Building Act* and removes the limitation that such buildings be residential. The modular buildings will still be subject to inspections.

ESTIMATED FISCAL IMPACT:

Increase State Revenue – Not Significant/Fire Prevention
Increase State Expenditures – Not Significant

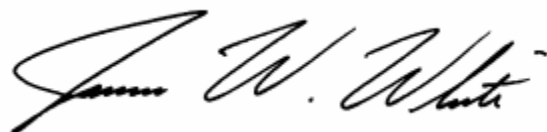

Increase Local Gov't. Revenue – Not Significant
Increase Local Gov't. Expenditures – Not Significant

Assumptions:

- Any increase in the number of electrical inspections by state or local governments will be offset by the fees charged for those services.
- Any revenue received by the state is earmarked for the Division of Fire Prevention in accordance with TCA 68-126-309.
- Any local government revenue collected from the sale of the buildings will offset any local government expenditures for materials and supplies used by the students to construct the buildings.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
